

EDUCATION

Bachelor of Vocation (B.Voc.), Software Development & E-governance

National Post Graduate College, Lucknow

2022 - 2025

CGPA: 8.10/10

TRAININGS

The Web Developer Bootcamp 2024

Udemy.com, Online

Aug 2023 - Present

Upskilling for web dev! I'm in Colt Steele's 'Web Dev Bootcamp 2024' (Udemy). This 70+ hour course covers React, Node.js, & core languages (HTML, CSS, JS). I'm mastering APIs (front-/back-end), MongoDB, & Bootstrap/Bulma frameworks. Colt's teaching makes it clear. By refining these fundamental skills, I'm laying a good foundation for my journey into web development. I do work hard daily.

Python Data Analysis & Visualization Masterclass

Udemy.com, Online

Jun 2023 - Jul 2023

I completed Colt Steele's "Python Data Analysis & Visualization Masterclass Course" on Udemy.com. In 20+ hours, I mastered Pandas, Matplotlib, Seaborn, analyzing diverse datasets. Real-life projects enhanced practical skills. Steele's expertise made complex concepts accessible, boosting my confidence. This course is a vital investment in my professional growth. I learn a lot.

Programming With Python

Internshala Trainings, Online

Oct 2022 - Nov 2022

Earned a certificate in Python Programming through a 6-week online course. Developed skills in core concepts, OOP, databases (SQLite), GUI (PyQt), and real-world applications. Scored 71% in the final assessment, demonstrating strong Python fundamentals.

PROJECTS

Apna College Clone(HTML,CSS,J S)

Jan 2024 - Feb 2024

https://www.linkedin.com/posts/abhay-awasthi-b89962253_webdevelopment-frontendproject-activity-7157027207217868800-th9U?utm_source=share&utm_medium=member_desktop

I've replicated Apna College's main page using only HTML, CSS, and JS. ApnaCollege.com is a respected education website known for its quality courses. This project showcases my web development skills while capturing the essence of the original site.

Flipkart Clone(HTML,CSS)

Nov 2023 - Nov 2023

https://www.linkedin.com/posts/abhay-awasthi-b89962253_a-humble-beginning-my-first-e-commerce-activity-7118877233351471105-lV79?utm_source=share&utm_medium=member_desktop

Created a functional "Flipkart.com" front-page clone with HTML & CSS, improving my web design skills.

Titanic data project

Jul 2023 - Jul 2023

I conducted a small "Titanic data project" in Python, examining survival rates and demographics like child mortality and some other factors . Despite its brevity, the project yielded valuable insights, refining my data analysis skills. I do it after learning data analysis in python.
